

Week 4

Recreate a Famous Painting Challenge!

You will recreate a famous painting using materials, people, pets, etc. that you have at home. Here are the steps for the challenge:

1. You will research and choose a famous painting to recreate. The painting can be a portrait, abstract, landscape, or anything you'd like to choose. Here are a few websites you can use for research:
<https://www.timeout.com/newyork/art/slideshow-top-20-paintings-at-moma>
<https://www.portraitvilla.com/most-famous-paintings/>
<http://www.chinaonlinemuseum.com/painting-famous-chinese-paintings-highlights.php>
2. You will gather materials and people, pets, etc. to recreate it. You will not use a digital medium like Photoshop to create it – rather it must be real people, pets, places, and things. This will make it as close to live theatre and theatre design as possible.
3. You will take a photo of your creation – or if you're in it you will need someone to take the picture for you.
4. You will save an image of the original painting, take a photo of your recreation of the painting, and then create an image of them side by side.
5. You will submit the image with the painting and your photo via your class's Edmodo page.

Examples of the Recreate a Famous Painting Challenge

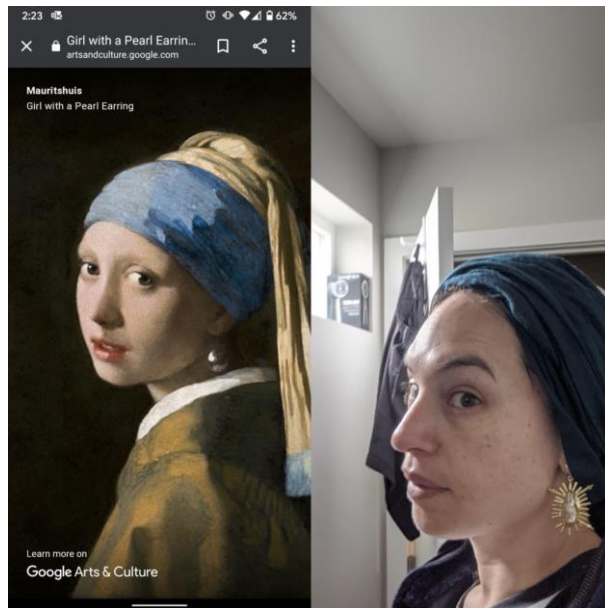

Several examples of original paintings and their recreations are below for your reference.
