

STUDENT WORKSHEET: CARBON CYCLE

<http://sciencelearn.org.nz/Contexts/The-Ocean-in-Action/Science-Ideas-and-Concepts/The-ocean-and-the-carbon-cycle>

<https://www.youtube.com/watch?v=bWaEB4BMFAQ>

<https://www.youtube.com/watch?v=nzImo8kSXiU>

What is the difference between an organic molecule and an inorganic molecule?

What is a net carbon sink?

What is a net carbon source?

How do limestone and acid rain relate to the carbon cycle?

How are the processes of photosynthesis and respiration closely linked?

What are phytoplankton?

How have humans incorporated themselves into the carbon cycle?

Draw the carbon cycle below:
