WORLD WAR 1 WEAPON DEVELOPMENT PADLET

1. Go to www.padlet.com OR create a powerpoint with one weapon per slide
2. Create a new padlet
3. Create a padlet box (any format) for any 5 of the following weapons and research those topics that was created during World War 1 to contribute to the war of attrition

British Vickers (Machine Gun)
German Flamethrower
Submarines (or U-boats)
Poison Gas
Trench Warfare
Field Gun

Radar
Battleships
Airplane
WW1 Artillery
Tanks

4. Complete the following in the Padlet box for each item you choose
 - Photo of the weapon
 - When was it invented (or used in war for the first time if it already existed) and is there a specific inventor?
 - How does this weapon change how war is fought?
 - What does this weapon do to increase the casualties of war?
