

Create Your Own CD Cover!

Create a CD cover for a band that only sings about the three African Trading Empires of Ghana, Mali and Songhai. Use the textbook, notes, and assignments to acquire any information.

1. Fold a piece of paper to resemble a square CD cover. CD covers are approximately 7 inches by 7 inches long.
2. The CD cover should have 10 song titles for the tracks/songs on the back of the CD. Each song title should represent different facts about Africa that we have discussed in class. As you have learned, all three empires were located between salt and gold mines, here 's an example of one song title:

Track 1: Tradin ' Salt for Gold 5:32

3. Write the name of the band on the front of the CD cover and draw at least 3 pictures of details learned in class.
5. Be prepared to share your CD cover in class.

Be Creative and Have Fun!

Example CD Cover

THIS ALBUM INCLUDES:
