

How to sign in and complete a Gizmo simulation

Step 1: Go to <https://www.explorelearning.com>

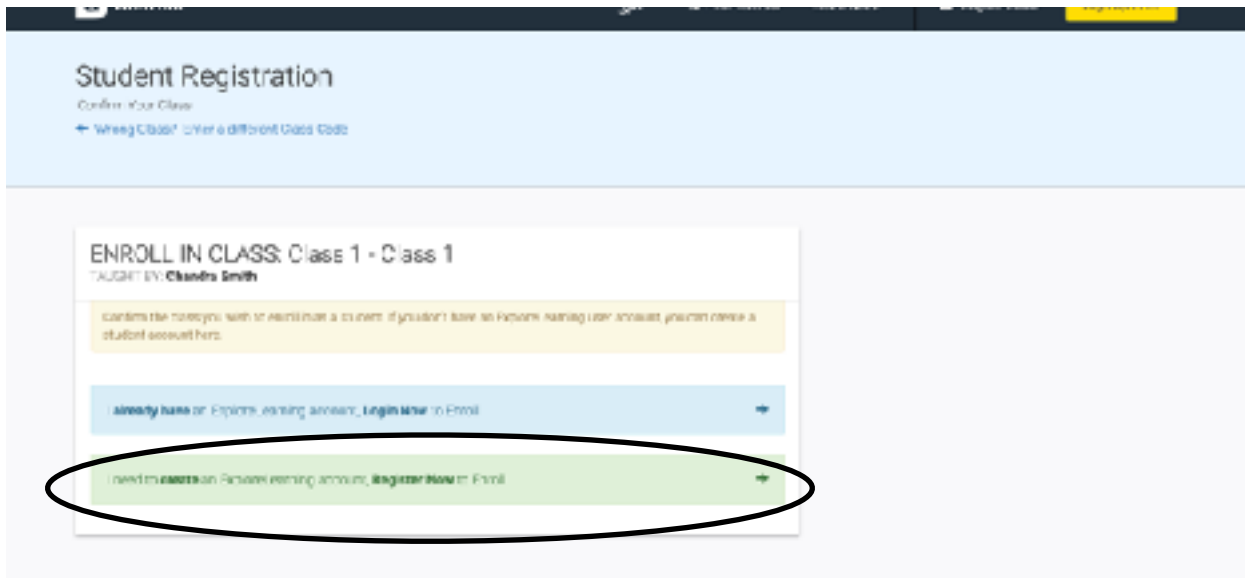

Step 2: Click on the “Login/Enroll” button in the upper right hand corner of the web page.

Step 3: Type in your teacher's class code: you will get this from your teacher.
Click “Enroll in Class”

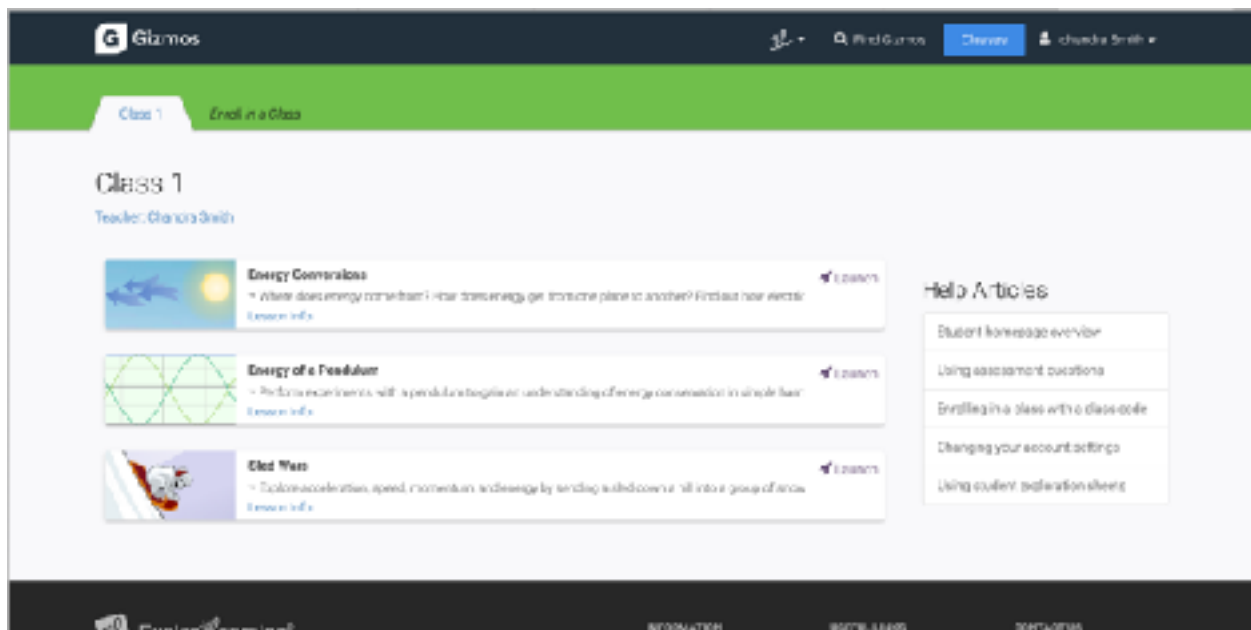

Step 4: Click “I need to create an Explore.Learning account” and follow the directions on the site to complete your enrollment.

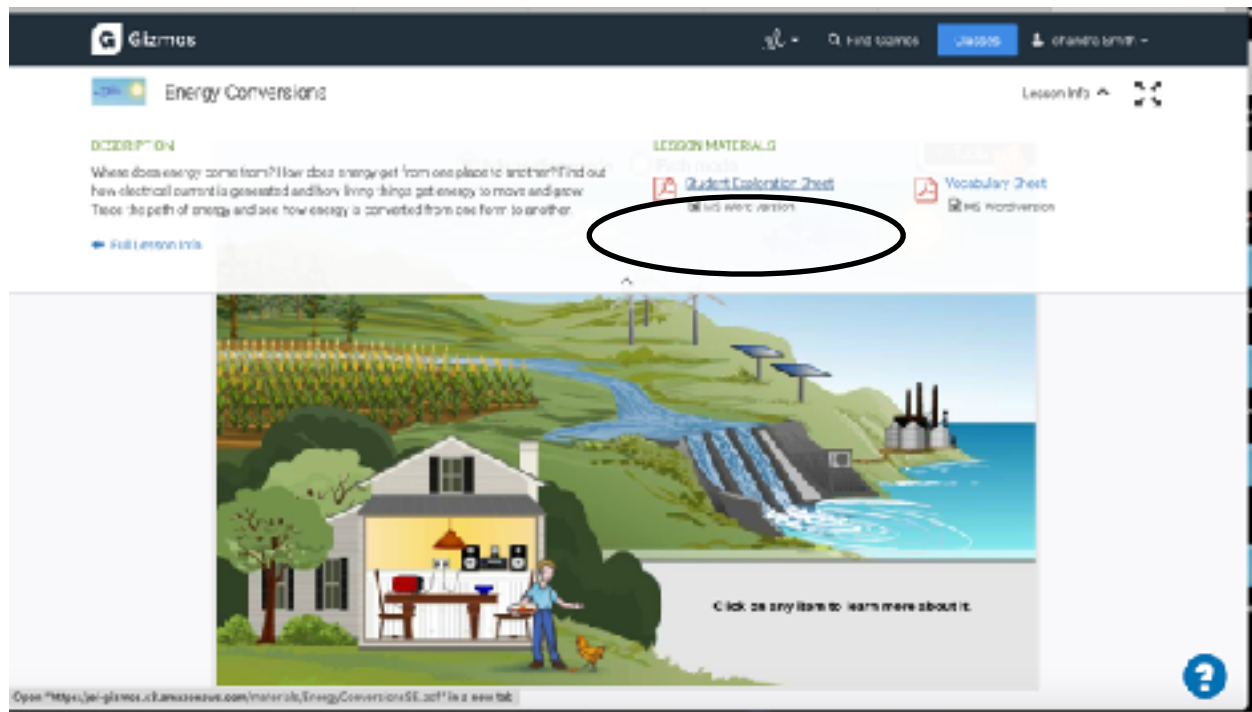

Step 5: Write down your username and password and put this sheet in your class notebook.
username: _____ password: _____

Now you are ready to complete a Gizmo simulation. You will see 3 virtual labs you can complete on Energy. Pick the one you want to complete.

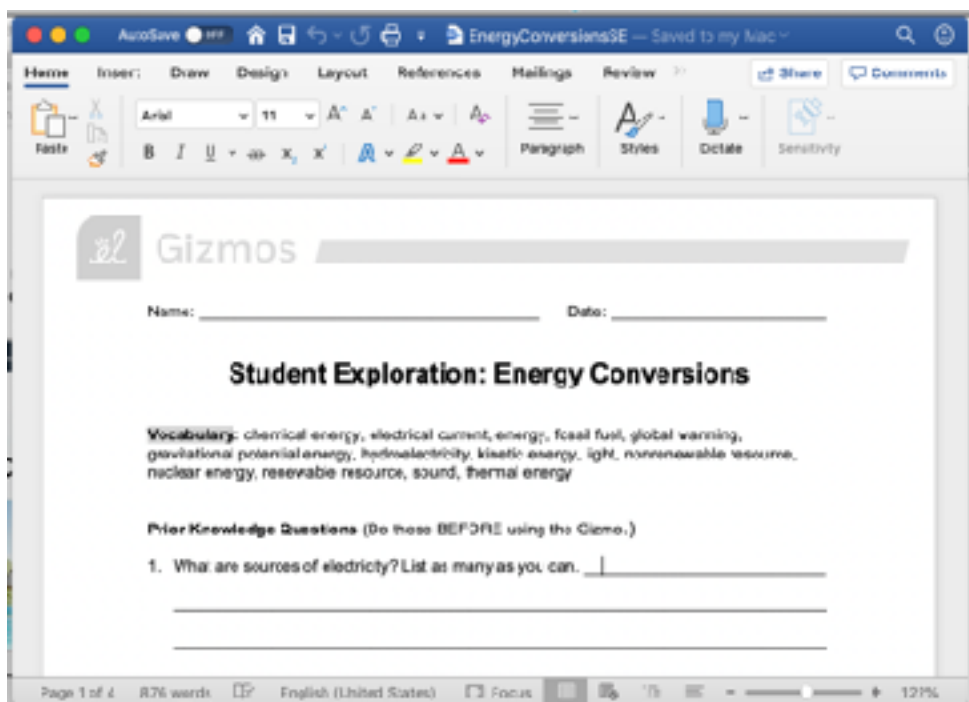

Step 1: Click launch on the one you want to do.

Step 2: Click “Lesson Info” and you will see this box pop up, click the MS word version of the Student Exploration Sheet and it will download.

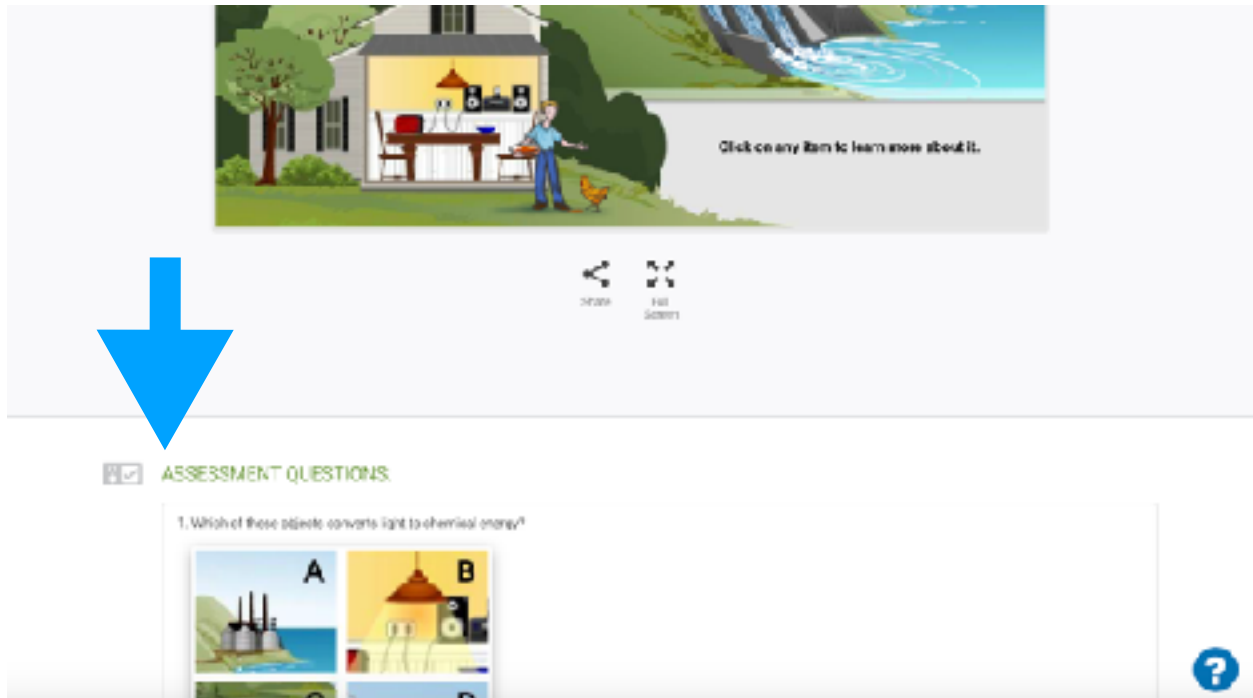

Step 3. Go to your downloads and open the sheet

Step 4: Follow the directions on this sheet to complete the simulation, and answer the questions.

Step 5: Once you complete the sheet, you must complete the QUIZ below the simulation.

The screenshot shows a simulation interface. At the top, there is a scene with a house, a river, and a person. Below the scene, there are two icons: a share icon and a full screen icon. A large blue arrow points from the simulation area down to the assessment questions section.

Click on any item to learn more about it.

ASSESSMENT QUESTIONS:

1. Which of these objects converts light to chemical energy?

A B

The assessment questions section displays two options, A and B, for a multiple-choice question. Option A shows a factory with smokestacks, and Option B shows a house with a lamp. A question mark icon is visible in the bottom right corner of the assessment area.
