

## Playbill Activity

**PLAYBILL:** A Playbill is a poster or magazine that announces a theatrical performance. Typically you receive a Playbill when you attend a theatrical performance (play or musical). The Playbill contains information about the production, the names and bios of the actors (sometimes headshots), and ads for upcoming performances in the area. You will recreate a playbill.

Screenshot/save the original Playbill. (You can choose a Playbill from any show)

Insert that image TWICE (side by side) on a document.

Recreate the image yourself and insert it on top of the Playbill to the right.
