

ONLY USE THIS STEP SHEET IF YOU HAVE ALREADY COMPLETED A GIZMO LAST WEEK

Step 1: Go to <https://www.explorelearning.com>

Step 2: Click on the “Login/Enroll” button in the upper right hand corner of the web page and enter the user and password you created last week. (IF YOU DID NOT DO THIS LAST WEEK, PLEASE CLICK ON THE OTHER STEP SHEET)

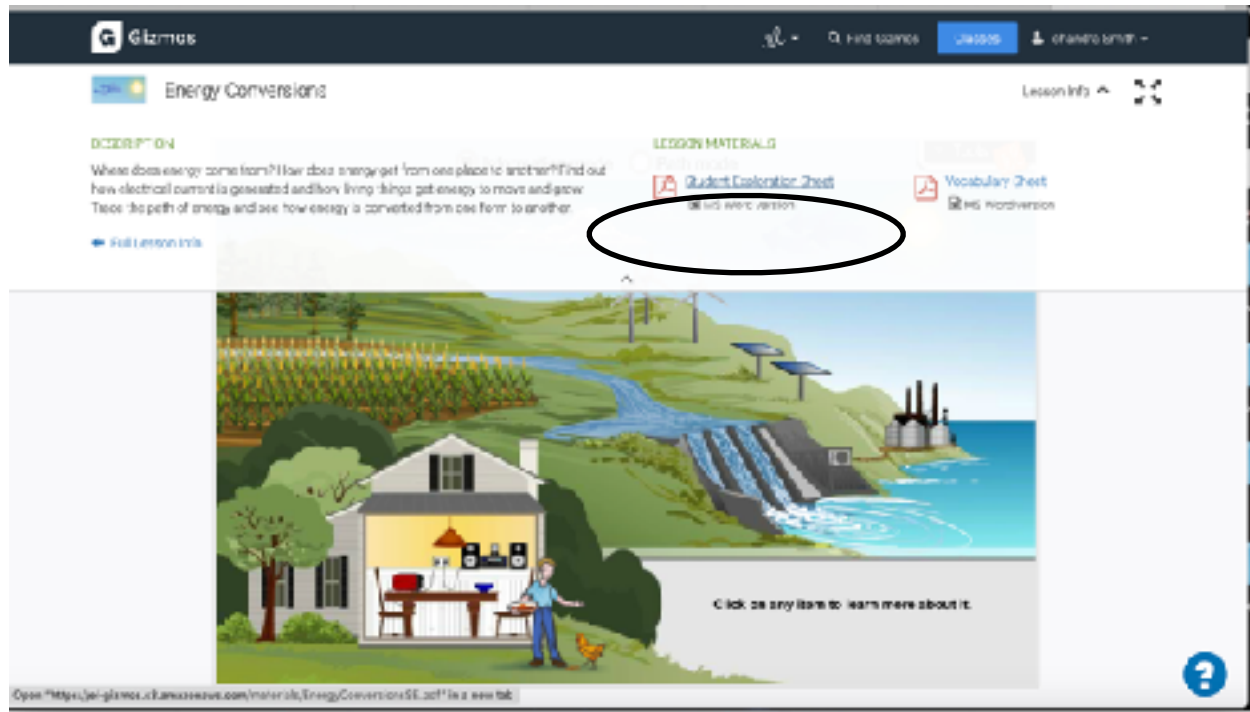

Now you are ready to complete a Gizmo simulation. You will see a list of virtual labs you can complete. For this week, complete either Coral Reef Gizmo, abiotic or biotic.

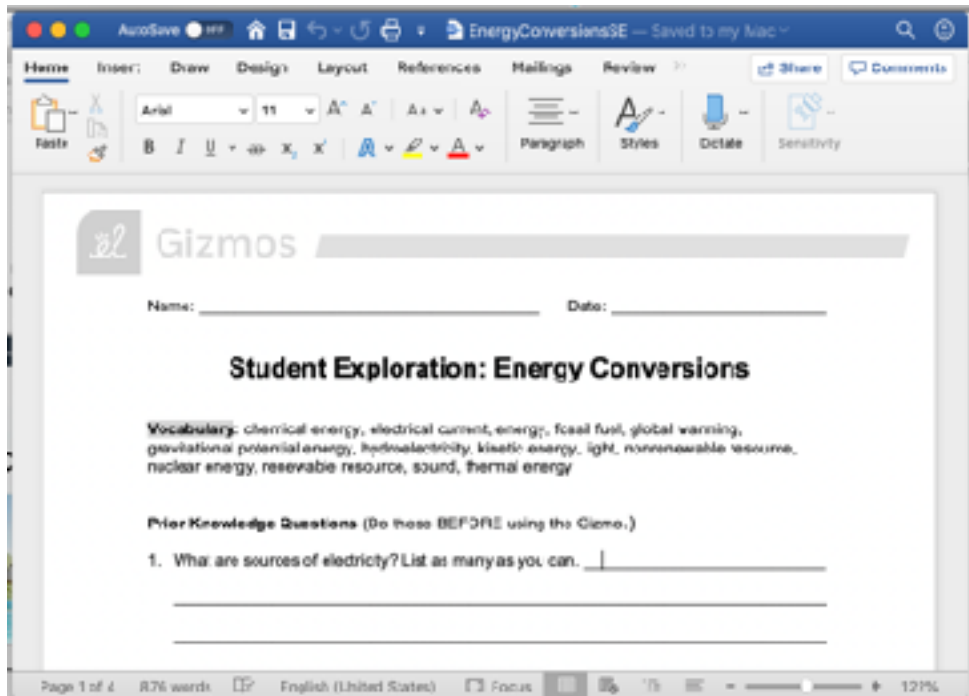

Step 1: Click launch on the one you want to do.

Step 2: Click “Lesson Info” and you will see this box pop up, click the MS word version of the Student Exploration Sheet and it will download.

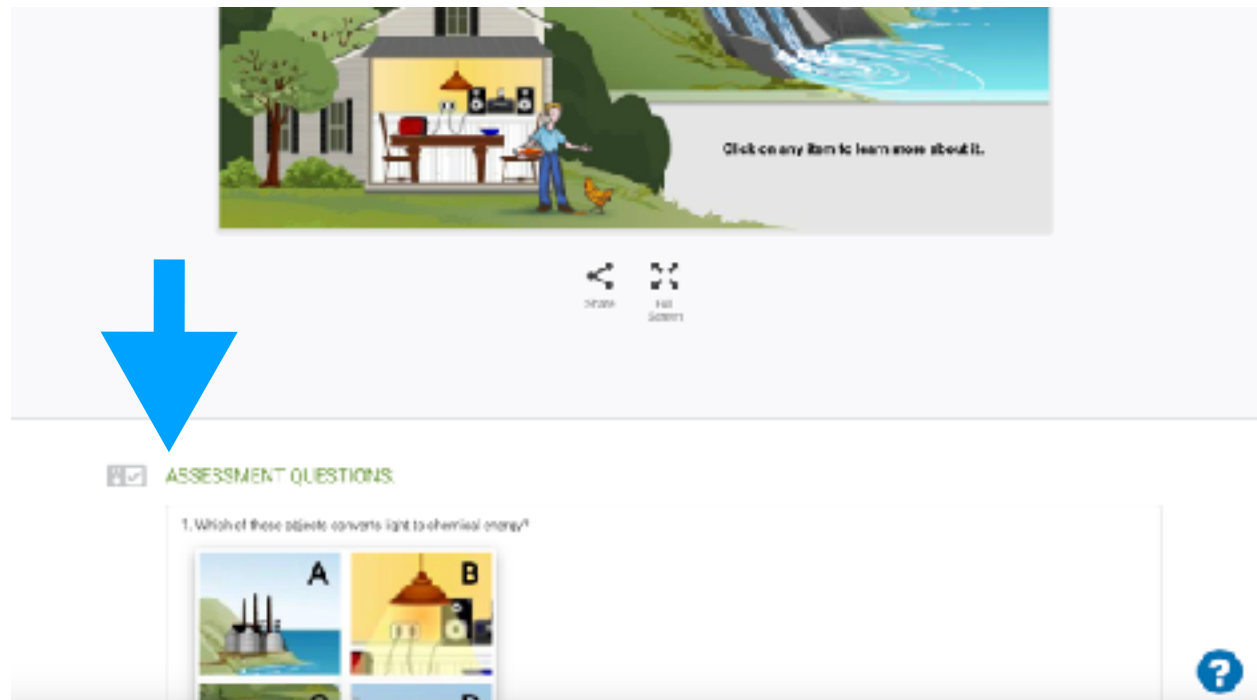

Step 3. Go to your downloads and open the sheet

Step 4: Follow the directions on this sheet to complete the simulation, and answer the questions.

Step 5: Once you complete the sheet, you must complete the QUIZ below the simulation.

The screenshot shows a simulation interface. At the top, there is a scene with a house, a river, and a person. Below the scene, there is a text box that says "Click on any item to learn more about it." and two icons: a share icon and a full screen icon. A large blue arrow points from the simulation area down to the assessment questions section.

**ASSESSMENT QUESTIONS:**

1. Which of these objects converts light to chemical energy?

A B

The assessment questions section displays two options, A and B, for a multiple-choice question. Option A shows a factory with smokestacks. Option B shows a house with a lamp. A question mark icon is visible in the bottom right corner of the assessment area.
